PERSONAL SUMMARY

Business Administration graduate turned Front End Developer. After having worked closely with Software Developers as a Product Executive, I became very intrigued about coding. I have been teaching myself Front End Development since November 2021 and I am currently looking for remote React Developer roles. I am very communicative, organised, eager to learn and have great attention to detail.

KEY SKILLS

Primary Languages: Javascript, HTML5, CSS3*

Core Frameworks: React, Redux, Express

Testing: Jest, React Testing Library, Cypress

(* incl. Sass and Styled Components)

Build Tools/Bundlers: Webpack, npm

Workflow: Git, Github, Jira

API: REST, Websockets

Other: Cloudflare Pages, Responsive Design

EXPERIENCE

Full Stack Messaging App (<https://messaging-app.pages.dev>)

Sep 2022 – Nov 2022

- Instant Messaging App including features such as instant chatting, adding new friends, searching for messages and contacts, registering and authentication
- Front end stack: React, React Router, Socket.io-client, Moment.js, Styled Components
- Back end stack: NodeJS, Express, PostgreSQL, Socket.io
- Github: <https://github.com/Marie20767/messaging-app>

React Personal Portfolio (<https://marie-portfolio.pages.dev>)

May 2022 – Aug 2022

- Animated Portfolio site showing various React projects I worked on in 2022 and including Home, Work and Contact pages
- Tech stack: React, React Router, Framer Motion, EmailJS, Styled Components
- Github: <https://github.com/Marie20767/portfolio-site>

React Mastermind Game (<https://marie-mastermind.pages.dev>)

Jun 2022 – Jul 2022

- Strategic game where the goal is to guess the exact positions of the colours in a secret colour sequence
- Tech stack: React, Typescript, Redux, Jest, Cypress, Framer Motion, Styled Components
- Github: <https://github.com/Marie20767/mastermind-game>

React Music Player (<https://marie-music-player.pages.dev>)

Apr 2022 – Jun 2022

- Music player with curated playlist
- Tech stack: React, Redux, Sass
- Github: <https://github.com/Marie20767/music-player-app>

Product Executive Intern @ Twine, remote (<https://www.twineapp.com>)

Jul 2021 – Oct 2021

- Prioritised development tasks based on client feedback
- Developed a new product strategy and supervised a contractor to ensure new features were developed on time and according to requirements

CERTIFICATIONS

- Master Digital Product Design (UX Research & UI Design) @ Udemy
- Product Management @ Udemy

May 2021 – Jun 2021

Mar 2021 – Apr 2021
